Birgit Horn,
Director tasc

In October 2017, the Areal Böhler location will be meeting point for experts from the automotive glass, smart repair and car detailing sectors. With tasc 2017, a new and objective platform is established for this industry. The tasc trade show offers product innovations and specialist knowledge on a compact area. The show including its event program is marked by short ways and offers an extensive overview of current questions.

Be part of it! We are looking forward to your visit!

Sincerely,

From Experts to Experts
