

## Industry 4.0 in focus of Tube Russia, Metallurgy Russia and Litmash Russia 2019

Moscow:

The Russian metal trade fair trio Tube Russia, Metallurgy Russia and Litmash Russia took place together at the Moscow exhibition centre Krasnaya Presnya from 14 to 17 May. 270 companies from 20 countries presented technological innovations and solutions for the requirements of industry 4.0.

Next to Russia and its neighbouring Eastern European countries, exhibitors primarily came from Italy, Germany, Great Britain, Belgium, Austria, Finland, Spain, Switzerland and Turkey. Companies from the USA, India, China and Brazil travelled from overseas to the Moscow Expocentre.

Whether machinery, plants, equipment and solutions for the casting and processing industries, metallurgical processes or current technologies in the areas of pipe production, pipe processing and pipe machining; trade visitors were able to find out about the wide range of products and services at the three trade fairs over four days.

New process developments in the field of ferrous and non-ferrous metals as well as current equipment and products for foundry machines, welding, cutting and joining, metallurgical processing and the large tube industry were presented by both Russian and international companies.

The Tube Industry Development 2019 Seminar, organised by ITA (International Tube Association) in cooperation with Messe Düsseldorf, focused on current solutions in the tube industry on the third day of the trade fair.

Numerous seminars revolving around the hot topic 3D printing played a prominent role at the conferences, which were held in parallel with Litmash Russia.

The Russian trade fair trio was once again organised and held by Metal Expo together with Messe Düsseldorf GmbH and its Russian subsidiary Messe Düsseldorf Moscow.

8 to 11 June 2020 will see Tube Russia, Metallurgy Russia and Litmash Russia being held concurrently again in Moscow.

For information on all three trade fairs visit the Internet portals at: [www.tube-russia.com](http://www.tube-russia.com), [www.metallurgy-russia.com](http://www.metallurgy-russia.com) and [www.litmash-russia.com](http://www.litmash-russia.com).

The Exhibitor Services division will also be managed by Messe Düsseldorf GmbH in 2020, Carolin Claßen at + 49 211 4560 515, [Classenc@messe-duesseldorf.de](mailto:Classenc@messe-duesseldorf.de).
